Skills/Highlights

- 5 years of professional experience in web design, front-end and back-end web development
- 10yr Linux environments and open source software
- 5yr LAMP environments, object oriented PHP, MySQL
- MVC frameworks (4yr CakePHP, 1yr Yii), custom CMS and e-commerce building
- 5yr XHTML, HTML5, CSS, CSS3; AJAX, JavaScript, JQuery UI scripting
- 2yr ActionScript3 application development
- 1yr multi-target OO development (HaXe)
- 1yr social network integration

I work both as a solo developer and in a team with programmers, designers and creative directors. I keep up to date with expanding web technologies in order to provide clients with custom tailored and creative, yet stable and compatible, solutions for their needs. I excel at performing tasks which challenge my skills, as well as communicating with a team of motivated professionals. I am fluent in Italian, English, and highly proficient in German.
